Cath from Spain

Old Cath from Spain was wife number one,
She tried very hard to give Henry a son,
When this failed and she started to age,
Henry's emotions turned from sadness to rage,
He started to plan a possible divorce,
But had to ask Pope for permission, of course!
The Pope declared "no" to this marriage split,
But this didn't stop Henry, not one little bit.
He made himself boss of a new religion,
And asked himself for the special permission,
Divorce from Old Cath, of course it was granted,
"Onto wife number two!" He excitedly chanted.
