Create a poem about Catherine of Aragon.

With your partner, look again at the facts that you gathered yesterday. Like the example poem, you will create a poem about her today.

Your poem must follow the same format as the WAGOLL and be written using rhyming couplets.

You will need to take your first fact, then think of a rhyming line to tell us more.

Cath from Spain

Old Cath from Spain was wife number one,
She tried very hard to give Henry a son,
When this failed and she started to age,
Henry's emotions turned from sadness to rage,
He started to plan a possible divorce,
But had to ask Pope for permission, of course!
The Pope declared "no" to this marriage split,
But this didn't stop Henry, not one little bit.
He made himself boss of a new religion,
And asked himself for the special permission,
Divorce from Old Cath, of course it was granted,
"Onto wife number two" He excitedly chanted.
