

Can you still...

Tens	Ones
	

$$41 - 25 =$$

Do we need to make both numbers in the subtraction before we subtract?
 Which number do we need to make? The larger number or the smaller?
 What are the numbers worth? Tens or ones?
 What happens if we have nothing left in a column? Which number do we write?

How would we draw this?

I do $84 - 45 =$

How would we draw this?

We do $72 - 25 =$

How would we draw this?

You do $53 - 17 =$

Fluency

$82 - 24 =$

$43 - 24 =$

$65 - 29 =$

$41 - 28 =$

$52 - 37 =$

$76 - 17 =$
