

WALT: investigate how our vocal chords work.

Starter - 4 Corners. Where are your vocal chords?

Circle the corner that you went to.

In your mouth

In your throat

In your stomach

In your chest

Let's see our vocal chords in action - operation ouch!

Main task - create a 'fortune teller' to test our knowledge.

What do we now know?

The _____ your vocal chords vibrate the higher the pitch.

When you whisper your vocal chords _____ vibrate.

When you create a low pitch sound, the vocal chords relax and vibrate _____.
